

Correction to “El Niño and La Niña amplitude asymmetry caused by atmospheric feedbacks”

Claudia Frauen and Dietmar Dommenges

Received 17 September 2010; published 26 January 2011.

Citation: Frauen, C., and D. Dommenges (2011), Correction to “El Niño and La Niña amplitude asymmetry caused by atmospheric feedbacks,” *Geophys. Res. Lett.*, *38*, L02805, doi:10.1029/2010GL045541.

[1] In the paper “El Niño and La Niña amplitude asymmetry caused by atmospheric feedbacks” by Claudia Frauen and Dietmar Dommenges (*Geophysical Research*

Letters, *37*, L18801, doi:10.1029/2010GL044444, 2010), dT/dt in equations (2) and (8) should be dh/dt as follows.

$$\frac{dh}{dt} = a_{21}T + a_{22}h + \xi_2 \quad (2)$$

$$\frac{dh}{dt} = a_{21}T + a_{22}h + c_{\tau}O\tau \quad (8)$$
