MONASH FORMULA SAE
CONCEPT DESIGN
COMPETITION

WINNER TO RECEIVE: A free drive in the 2009 Monash F-SAE car
TOP THREE Guaranteed placement in the 2010 Monash F-SAE Team & a slab!

The following features for the 2010 car have already been decided on so please build on these ideas:
- Engine: Husqvarna SM 450R
- Chassis: Predominantly steel space frame (carbon fibre additions acceptable)
- Aerodynamics: Will run front and rear wings

BACKGROUND INFORMATION

Don’t hesitate to drop by the office and speak to our friendly team members for inspiration and technical enquiries.
Location: Building 37, Ground Floor; Just before the Mechanical Engineering Workshop

FURTHER INFORMATION

Produce an A3 sized concept design for the 2010 racer.

Deadline: 11 October

The design is to include a visual of what you think the car should look like (including bodywork and colour schemes). As well as a list of technical detail you would like to see on the car.

Submissions to be placed in Monash Motorsport Drop Box in Building 32, Mechanical Engineering Offices.
Top 10 to present their ideas in a forum TBA
